Goals & Philosophies

Zion Christian Early Learning Center is designed to give each child the best possible care available outside of the home. We do this by providing a setting that encourages the social, emotional, physical, and intellectual growth of each child. Early childhood should be a time of warmth, security, exploration, and discovery. Our program strives to nurture and encourage these qualities in our students.

The goals are accomplished through the children's experience of a warm and accepting atmosphere, where they are not pressured to succeed. They will enjoy a world scaled to and planned for them. It is our hope that the children's school experiences will enrich their home life.

The school is sponsored and operated by Zion Christian Early Learning Center and is operated by a Board of Directors, consisting of the pastor and seven members of the congregation who are appointed by the Congregational Council. The Administrator and teachers report to the Board.

Daily Program

The daily program at Zion Christian Early Center Before & After care shall include Early Childhood Education that aids children in their growth by using developmentally appropriate activities through planned lessons prepared by the classroom's lead teacher. The program consists of afternoon snack, planned activities, indoor/outdoor activities, as well as an area that children can work on their homework.

Parents or responsible person dropping off child must take child to sink where they can wash their hands before entering the classroom.

Medication Policy

A licensed dentist is on call for Zion Christian Early Learning Center during all hours of operation.

ZCELC will administer medication to a child only under the following conditions:

1. Prescription drugs will be given if the parent submits a written request. The appropriate form is available from the Administrator and must be completely filled out, signed, and returned before any medication will be administered. Medication must be in its original container with its original label attached
2. Non-prescription medications will not be given unless prescribed by a doctor. Appropriate health forms must be signed in order to do so.
3. All medications must be handed to the teacher daily.
4. Medications may not be stored in the child's cubby or book bag. (The only exceptions are school age children who require inhalers/insulin for medical conditions).
5. No one shall be able to administer medicine on school property except for designated school employees.

The staff will then keep track of the medication given by writing down when and how much was given, as advised by parent or physician.

With the number of children enrolled in our school, there is always the possibility that your child will be exposed to a contagious illness such as pink eye, strep throat, chicken pox, etc. It is our policy to inform all parents when their child has been exposed to such an illness. Please let us know as soon as possible if you are aware that your child has a contagious illness so that we may alert other parents. It is also the policy of Zion Christian School not to admit a child back to school until they have been on an antibiotic for a minimum of 24 hours. For the safety and health of all children involved, please keep your child home until, according to doctor's instructions, they are no longer contagious. If your child is sent home they are unable to attend the following day. ZCELC wishes to service all the medical needs your child has; however, we do not have a nurse on staff; therefore, we are unable to calculate or administer medication which result in our calculation. If your child has a special need, please help us to determine an action plan which will help us to care for your child in the best possible way we can. Sometimes a special care plan will be necessary and will need to be signed by the parent, physician and ZCELC staff.

We will no longer be administering over the counter medications (sunblock is the only exception). Prescription medications may still be administered with proper forms and scripts. You will need to check with the administrator to ensure that the forms are correctly completed. Epi pens and inhalers must have a prescription label on box as well as medication itself.

Immunizations

All children must be immunized unless they can provide a doctor or religious exemption. A current shot record must be submitted with parent information pack.

Guide to Discipline

The center environment is designed to allow children freedom of exploration, independence, and choice. The opportunity for interaction with people and inanimate objects helps children learn about themselves and the world. For this reason, learning to guide one's behavior in an adaptive way is very important.

We do not see discipline as punishment, but rather a redirection of inappropriate behavior. Behavior that is harmful is stopped immediately and the danger explained.

DISCIPLINE FOR INAPPROPRIATE OR DISRUPTIVE BEHAVIOR

1. Affirm the child's feelings: "You were so mad that Jimmy knocked down your building that you wanted to hurt him."
2. Set limits and offer an alternative: "You need to tell Jimmy with words not actions, how you feel. Maybe he can help you re-build your building."
3. Thinking time: If behavior problems still exist, the child may be required to leave the activity for the time to think about his actions. This time is no longer than one minute per year of child's age. After this time, the teacher will confirm that the child understands why they were removed from the activity and help direct them back into play.
4. If further action is necessary, the next step will be to contact the child's parents to discuss how we can work together for the benefit of the child. Children who have difficulty with hurting other or teachers may be removed from the center until they are over this stage.

FIGHTING AND BULLYING

There is a zero tolerance for fighting or bullying. You will be called to pick up your child if we see these behaviors. Should behaviors continue after 3 written warnings children will not be permitted to return to the program.

Under no circumstances will there be chastisement, corporal punishment or ridicule of any child!

Daily Procedures

Children must be escorted into the building and into their classrooms. Parents are not to leave until the child has been signed in and the parent has made the teacher aware of the child's presence. In the afternoon, the parent must tell the teacher he/she is there for the child and sign the child out. The sign-in sheet is located in your child's classroom. If your child is going to be absent or late, please notify the center by 6:30 a.m. or 1 hour before scheduled start time. Only adults are permitted to sign a child in or out of the program. Minors, including older brothers and sisters under 16 years of age, may not sign a child in or out of the Center.

If your child is to be picked up by someone not already listed on your child's pick up list, please tell the teacher or staff member who it will be or send a written notice. Otherwise, the child will not be released from school. The person picking the child up must show proper identification before the child will be released.

Each family can choose a 4-digit code upon enrollment. This code will be used by people other than those listed on your emergency contact list to convey important information to the school via telephone in case of emergencies or extenuating circumstances.

Days Center Will Be Closed

The Before/After Care will be closed anytime the school is closed whether it is a scheduled closing or a cancellation. ZCELC is only licensed to operate 6:30-8:30 a.m. and 3:30-5:30 p.m. We will not operate under a 2 hour delay.

Weather Closing Policy

The policy of our center is to remain open unless Hilltop Elementary School is closed.

Serious Illness or Injury

In the event of a serious illness or injury the staff will first contact 911 then the parents will be contacted. For a serious injury an incident report will be filled out. The parents will sign off and be given a copy of the report. The incident report will be sent to ODJFS after the administrator calls to report the incident.

If the parent does not give consent for emergency transportation they must fill out the correct box on the child enrollment and health information form giving directions to be taken.
